ONE of the most interesting and helpful books published in recent years is "LETTERS from a SELF-MADE MERCHANT to his son," by George Horace Lorimer. We read these letters with much pleasure when they were appearing in serial form and made use of them—as did many other teachers—in giving advanced dictation to shorthand students. They were a welcome relief from the monotony of continuous dictation of business papers and correspondence, and at the same time they enforced many valuable lessons in such a way as to impress them vividly upon the minds of the students. The dictation of something in a lighter vein is desirable occasionally, and for this purpose there could be nothing more suitable than the letters contained in this book.

Recently William Marion Reedy, in an article about the Saturday Evening Post, which has been edited by Mr. Lorimer for many years said:

George Horace Lorimer is the world's greatest editor. Lorimer's "Letters from a Self-made Merchant to his Son" is the best piece of pragmatic philosophy since Ben Franklin, who founded the Saturday Evening Post.

In issuing this selection of letters from the original book, we we desire to acknowledge our indebtedness to the publishers, Messrs. Small, Maynard and Company, for permission to use a certain number of these letters in this way, and also to the artists, B. Martin Justice and F. R. Gruger, for the use of some of the illustrations.

To those who enjoy reading these letters we heartily commend the complete work, which contains a number of others equally entertaining and helpful.

Add These 16,000 Words to Your Short-hand Vocabulary

Carry this handy little book in your coat pocket or your handbag and learn a few new outlines each day. Look up the form for the unusual word you come across in your reading. Be sure that you write the shortest outline for the new words you encounter in dictation. Be ready for a position in a different line of work if it is offered you.

Nothing is of greater importance in increasing speed than a large shorthand vocabulary, and there is no surer or easier way of acquiring one than by the consistent use of the

Gregg Shorthand Dictionary

The Dictionary contains nearly three times as many words as the former edition. They have been carefully chosen with a view to their frequency of use and the shorthand outlines are beautifully written in conformity with the principles of the new Manual.

It is just the right size to slip into the coat pocket and is beautifully bound in brown cloth, side-stamped in gold.

THE SIGN of the FOUR

By A. CONAN DOYLE

THIS, the most thrilling of the tales of Sherlock Holmes, is now published in Gregg Shorthand. Whether or not you have read this before, be sure to get it in this form. There is not the same temptation to turn to the last page and "see how it comes out," when reading the shorthand version, and the clever work of the famous detective, the skillful weaving of the plot, and the surprising dénouement, will receive the attention that is their due.

Aside from the interest of the story, you need this book for your shorthand practice, for Conan Doyle is a master of English and the reading of "The Sign of the Four" will add many words to your shorthand vocabulary.

This book is bound in cloth, and contains 188 pages of beautifully written shorthand.
